Nota di contenuto	Cover; Contents; Introduction; The British Model and the German Road: Rethinking the Course of German History Before 1914; The Discreet Charm of the Bourgeoisie: Reappraising German History in the Nineteenth Century; Bibliographical Note; Index
Sommario/riassunto	A well-written, stimulating...piece of scholarship. In a major re-evaluation of the cultural, political, and sociological assumptions about the ""peculiar"" course of modern German history, the authors challenge the widely-held belief that Germany did not have a Western-style bourgeois revolution. Contending that it did indeed experience one, but that this had little to do with the mythical rising of the middle class, the authors provide a new context for viewing the tensions and instability of 19th-and early 20th-century Germany.
