The Man in Black; 17. Royalty from the North; 18. Uncle Sam and the Goddess; 19. Coming of Age; 20. Grandchildren of the Shadows; Notes; Index Ronald Hutton is known for his colourful and provocative writings on Sommario/riassunto original subjects. This work is no exception: for the first full-scale scholarly study of the only religion England has ever given the world;

that of modern pagan witchcraft, which has now spread from English shores across four continents. Hutton examines the nature of that

religion and its development, and offers a microhistory of attitudes to paganism, witchcraft, and magic in British society since 1800. Itspages reveal village cunning folk, Victorian ritual magicians, classicists and archaeologists, leaders of woodcraft an
