The Psychodynamics of the Family -- Afterword: Women's Mothering and Women's Liberation -- Notes -- Bibliography -- Index
Sommario/riassunto	When this best-seller was published, it put the mother-daughter relationship and female psychology on the map. The Reproduction of Mothering was chosen by Contemporary Sociology as one of the ten most influential books of the past twenty-five years. With a new preface by the author, this updated edition is testament to the formative effect that Nancy Chodorow's work continues to exert on psychoanalysis, social science, and the humanities.
