

1. Record Nr.	UNISA996279551403316
Titolo	ANSI/IEEE Std 602-1986 : IEEE recommended practice for electric systems in health care facilities // Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	Piscataway, New Jersey : , : IEEE, , 1986
ISBN	0-7381-4232-8
Descrizione fisica	1 online resource (424 pages)
Disciplina	725.51
Soggetti	Hospital buildings - Design and construction Health facilities
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	These recommended practices will aid electrical systems designers in achieving safety of life and preservation of property through operational considerations to reduce electrical failures; to allow maintenance with a minimum need for specialized services; to present design considerations that recognize the flexibility of electrical systems in terms of layout and placement while fulfilling the requirements for proper electrical installation; and to promote coordination of design with professional associates.
