

1. Record Nr.	UNISA996279553703316
Titolo	ANSI/IEEE Std 752-1986 : IEEE standard for functional requirements for methods and equipment for measuring the performance of tone address signaling systems // Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	Piscataway, New Jersey : , : IEEE, , 1986
ISBN	0-7381-4563-7
Descrizione fisica	1 online resource (44 pages)
Disciplina	384.0218
Soggetti	Telecommunication - Standards
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This standard provides brief descriptions of applicable tone address signaling techniques and definitions of the related signaling parameters that affect performance. The classes of instruments intended to measure the parameters presented are described. Details are provided on the techniques necessary to perform these measurements, and performance and operating requirements for the test equipment that will satisfy this standard.
