

1. Record Nr.	UNISA996279861703316
Titolo	ANSI/IEEE Std 1101-1987 // Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	[Place of publication not identified] : , : IEEE, , 1988
ISBN	0-7381-4142-9
Descrizione fisica	1 online resource (55 pages)
Disciplina	004.16
Soggetti	Microcomputers Electronic digital computers
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>The standard covers three areas: the basic dimensions of subracks, this range of modular subracks conforming to IEC 297-3-1984, for mounting in equipment according to IEC 297-1-1986, and ANSI/EIA RS-310, together with the basic dimensions of a compatible range of plug-in units, printed boards, and backplanes; the dimensions of plug-in units and connectors, this standard gives the dimensions of associated plug-in units and connectors standardized by IEC 603-2-1980, together with applicable detail dimensions of the subrack; and the environmental requirements of subracks, this standard states environmental requirements of subracks and their associated plug-in units. The purpose of the standard is the specification of dimensions that will ensure the mechanical interchangeability and environmental requirements of subracks and of plug-in units.</p>
