

1. Record Nr.	UNISA996280176103316
Titolo	IEEE standard glossary of stationary battery terminology
Pubbl/distr/stampa	New York : , : IEEE, , 2016
ISBN	1-5044-2191-4
Descrizione fisica	1 online resource (42 pages)
Disciplina	537.86
Soggetti	Electric batteries - Standards
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>Terms currently in use in the field of stationary batteries are defined in this standard. This standard does not include terms specific to battery manufacturing activities or to nonstationary battery applications such as motive, portable, marine, or other such applications. Scope: This standard defines terms currently in use in the field of stationary batteries. This standard does not include terms specific to battery manufacturing activities or to non-stationary battery applications such as motive, portable, marine, or other such applications. Purpose: This standard provides a useful reference for those in the stationary battery industry and harmonizes definitions used across IEEE stationary battery standards.</p>
