

1. Record Nr.	UNISA996280496803316
Titolo	2016 29th IEEE International System-on-Chip Conference (SOCC) // Institute of Electrical and Electronics Engineers (IEEE)
Pubbl/distr/stampa	Piscataway, New Jersey : , : Institute of Electrical and Electronics Engineers (IEEE), , 2016
ISBN	1-5090-1367-9
Descrizione fisica	1 online resource (373 pages)
Disciplina	621.3815
Soggetti	Application-specific integrated circuits Systems on a chip
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	The IEEE International System on Chip Conference (SOCC) is the premier forum for sharing the latest advancements in SoC process technology, circuit design, architecture, systems, test, design tools, and applications As a premier international conference in SoC and VLSI, it covers a wide spectrum of innovative research, industrial practices and emerging technologies.
