Sommario/riassunto	Representatives of the governments, international organizations and universities are called to develop a vision for eDemocracy, and eGovernment. The ICEDEG is a peer review conference series that covers technical and non technical aspects of eSociety, eGovernance, eParticipation, eDemocracy, eGovernment and eHealth. The main objective is to discuss the regions transition to an information and knowledge society that will accelerate and enhance regional economic, social, cultural and technological development and exchange.
