1. Record Nr.   UNISA996280881003316

   Titolo   2017 Workshop on Fault Diagnosis and Tolerance in Cryptography
                                 (FDTC) / / Institute of Electrical and Electronics Engineers, editor

   Pubbl/distr/stampa   Piscataway, NJ : , : IEEE, , 2017

   ISBN   1-5386-2948-8

   Descrizione fisica   1 online resource (73 pages)

   Disciplina   652.8

   Soggetti   Cryptography
                                 Fault-tolerant computing

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico   Monografia

   Note generali   Includes index.

   Sommario/riassunto   B 2 3 Reliability, Testing, and Fault Tolerance C 1 5 j Support for
                                 security D 4 6 Security and Privacy Protection D 4 6 c Cryptographic
                                 controls K 6 5 d Physical security.
