Titolo	CEA critic
Pubbl/distr/stampa	[College Station, Tex., : Dept. of English, Texas A & M University] Baltimore, MD, : Johns Hopkins University Press
ISSN	2327-5898
Disciplina	428.007
Soggetti	English language - Study and teaching (Higher) Periodicals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Refereed/Peer-reviewed
2. Record Nr.	UNINA9910774729903321
Autore	Kruger Donnavan
Titolo	Blended learning environments to foster self-directed learning // Donnavan Kruger [and nine others]
Pubbl/distr/stampa	[Place of publication not identified] : , : AOSIS, , 2022
Descrizione fisica	1 online resource (344 pages)
Disciplina	370
Soggetti	Education Blended learning
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book on blended learning environments to foster self-directed learning highlights the focus on research conducted in several teaching and learning contexts where blended learning had been implemented

and focused on the fostering of self-directed learning. Several authors have contributed to the book, and each chapter provides a unique perspective on blended learning and self-directed learning research. From each chapter, it becomes evident that coherence on the topics mentioned is established. One of the main aspects drawn in this book, and addressed by several authors in the book, is the use of the Community of Inquiry (CoI) framework when implementing teaching and learning strategies in blended learning environments to foster self-directed learning. This notion of focusing on the CoI framework is particularly evident in both theoretical and empirical dissemination presented in this book. What makes this book unique is the fact that researchers and peers in varied fields would benefit from the findings presented by each chapter, albeit theoretical, methodological or empirical in nature - this, in turn, provides opportunities for future research endeavours to further the narrative of how blended learning environments can be used to foster self-directed learning.
