Morals Matter: Cultural Politics Compared 113 Conclusion: Debating Morality and the Nation in Southern Thailand 137 Notes 153 Bibliography 161 Backmatter 176
Sommario/riassunto	In the present social and cultural transformation of South Thailand's cultural politics, ideologies involving the family, gender and home provide the cultural codes in social dramas of the state, the media and social and religious movements. This study looks at micropolitics and the nesting of the political action of everyday life in larger, ultimately global structures of power. Exploring the making of class, culture and space, the production and consumption of culture is understood as work which involves the constant negotiation of boundaries. »As the literature on Southern Thailand is very limited, the book is a welcome source of information about the cultural and societal situation in this region. The study can be recommended to readers interested in

Nota di contenuto	The Idea of Police Integrity -- Measuring Police Integrity -- Profiles of Integrity -- The Charleston, South Carolina, Police Department -- The Charlotte-Mecklenburg, North Carolina, Police Department -- The St. Petersburg, Florida, Police Department -- The Second Survey -- Recruitment, Selection, and Training -- Processing Citizen Complaints -- Meting out the Discipline -- Circumscribing the Code of Silence -- Enhancing Police Integrity.
Sommario/riassunto	How can we enhance police integrity? The authors surveyed over 3000 police officers from 30 U.S. police departments on how they would respond to typical scenarios where integrity is challenged. They studied three police agencies which scored highly on the integrity scale: Charlotte-Mecklenburg, North Carolina; Charleston, South Carolina; and St. Petersburg, Florida. The authors conclude that enhancing police integrity goes well beyond culling out "bad apple" police officers. Police administrators should focus on four aspects: organizational

rulemaking; detecting, investigating and disciplining rule violations; circumscribing the informal "code of silence" that prohibits police from reporting the misconduct of their colleagues; and understanding the influence of public expectations and agency history.
