ISBN	3-11-031971-3
Descrizione fisica	1 online resource (401 p.)
Disciplina	179.7
Soggetti	Right to health Health services accessibility Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front matter -- Abstract -- Acknowledgements -- Brief Contents -- Detailed Contents -- I The Human Right To Health: A Pervasive But Opaque Idea -- 1 Human Rights: A Practice With Little Theory -- 2 The Human Right To Health -- 3 Purpose And Structure Of This Thesis -- II Unveiling The Enigma Of Health -- 1 Preconditions Of Health: Life And Death -- 2 A Comprehensive Theory Of Health -- III Justice, Dignity, Rights And Duties: The Philosophy Of Human Rights -- 1 Justice, Rights And Duties -- 2 Analytical Fundamentals: The Concepts Of 'Right' And 'Duty' -- 3 The Morality Of Rights And Duties -- 4 The Dignity Of Human Beings -- 5 From The Dignity Of Human Beings To Human Rights -- IV Health: A Human Right? -- 1 A Summary Of What Has Been Established So Far -- 2 Health And Ontological Dignity: Is Health A Human Right? -- 3 A Marginal Note: Is There No Right To Health, At All? -- 4 Epilegomena: Concluding Remarks And Implications -- Indices -- List of Abbreviations -- List of Tables, Figures and Illustrations -- References
Sommario/riassunto	The idea that there is such a thing as a human right to health has become pervasive. It has not only been acknowledged by a variety of international law documents and thus entered the political realm but is also defended in academic circles. Yet, despite its prominence the human right to health remains something of a mystery - especially with respect to its philosophical underpinnings. Addressing this unfortunate

and intellectually dangerous insufficiency, this book critically assesses the stipulation that health is a human right which - as international law holds - derives from the inherent dignity of the human person. Scrutinising the concepts underlying this stipulation (health, rights, dignity), it shall conclude that such right cannot be upheld from a philosophical perspective.
