Elliott -- L'europeizzazione del mondo e il suo declino (The Europeanisation of the world : its rise and decline) / Massimo L. Salvadori.
Sommario/riassunto	"Europe's boundaries have mainly been shaped by cultural, religious, and political conceptions rather than by geography. In this context, this volume outlines the transformation of Europe's boundaries from the fall of the ancient world to the age of decolonization and explores, among other aspects, the confrontation of Christian Europe with Islam and the

changing role of the Mediterranean from 'mare nostrum' to a frontier  
between nations"--
