Sommario/riassunto	This is one of four projected volumes to emerge from a massive, Pew-funded study that sought to answer the question: What happens when a revivalist religion based on scriptural orthodoxy participates in the volatile politics of the Third World? Is the result a democratic politics of the ballot box, or is it more like an authoritarian politics of command from on high? Does the evangelical faith of the Bible hinder or promote a politics of the ballot box? At a time when the global-political impact

of another revivalist and scriptural religion - Islam - fuels vexed debate among analysts the world
