Formato	Videoregistrazione
Livello bibliografico	Periodico
Note generali	Refereed/Peer-reviewed
Sommario/riassunto	"Journal of Embodied Research is the first peer-reviewed, open access, academic journal to focus specifically on the innovation and dissemination of embodied knowledge through the medium of video. With an editorial advisory board drawn from across the arts and humanities, it aims to pioneer the scholarly video article as a new form supporting development of diverse embodied research projects." -- Provided by publisher.
