ISBN	0-520-96723-2
Descrizione fisica	1 online resource (xvii, 254 pages) : illustrations (some colour), maps; digital, PDF file(s)
Disciplina	306.4/819089956051
Soggetti	Tourism - Political aspects - Japan - 20th century Tourism - Japan - History - 20th century Taiwan Description and travel Manchuria (China) Description and travel Korea Description and travel Japan Colonies Description and travel
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Seeing like the nation -- The new territories -- Boundary narratives -- Local color -- Speaking Japanese.
Sommario/riassunto	"Placing Empire examines the spatial politics of Japanese imperialism through a study of Japanese travel and tourism to Korea, Manchuria, and Taiwan between the late nineteenth century and the early 1950s. In a departure from standard histories of Japan, this book shows how debates over the place of colonized lands reshaped the social and spatial imaginary of the modern Japanese nation and how, in turn, this sociospatial imaginary affected the ways in which colonial difference was conceptualized and enacted. In so doing, it illuminates how ideas of place became central to the production of new forms of colonial hierarchy as empires around the globe transitioned from an era of territorial acquisition to one of territorial maintenance"--Provided by publisher.

Nota di contenuto	Frontmatter -- Inhalt -- Compounds and multi-word expressions in the languages of Europe -- Compounds and multi-word expressions in English -- Compounds and multi-word expressions in German -- Compounds and multi-word expressions in Dutch -- Compounds and multi-word expressions in French -- Compounds and multi-word expressions in Italian -- Compounds and multi-word expressions in Spanish -- Compounds and multi-word expressions in Greek -- Compounds and multi-word expressions in Russian -- Compounds and multi-word expressions in Polish -- Compounds and multi-word expressions in Finnish -- Compounds and multi-word expressions in Hungarian

Both compounds and multi-word expressions are complex lexical units, made up of at least two constituents. The most basic difference is that the former are morphological objects and the latter result from syntactic processes. However, the exact demarcation between compounds and multi-word expressions differs greatly from language to language and is often a matter of debate in and across languages. Similarly debated is whether and how these two different kinds of units complement or compete with each other. The volume presents an overview of compounds and multi-word expressions in a variety of European languages. Central questions that are discussed for each language concern the formal distinction between compounds and multi-word expressions, their formation and their status in lexicon and grammar. The volume contains chapters on German, English, Dutch, French, Italian, Spanish, Greek, Russian, Polish, Finnish, and Hungarian as well as a contrastive overview with a focus on German. It brings together insights from word-formation theory, phraseology and theory of grammar and aims to contribute to the understanding of the lexicon, both from a language-specific and cross-linguistic perspective.
