Sommario/riassunto	This book is written for business owners, entrepreneurs, leadership, or management teams in public or third sector and professionals who are currently dealing with the COVID-19 epidemic. It offers tools and techniques located in the economics of innovation, other frameworks such as the Fraud Triangle, and the authors extensive experience including rigorous cash management, practical fraud prevention, and detection and advice on implementing and refining corporate governance structures. The book will also be of interest to postgraduate including MBA students and business researchers.
