

1. Record Nr.	UNISA996339087703316
Autore	Morris John
Titolo	Practical data migration [[electronic resource] /] / John Morris
Pubbl/distr/stampa	Swindon, : British Computer Society, c2006
ISBN	1-78017-059-9 1-906124-46-9
Edizione	[1st edition]
Descrizione fisica	1 online resource (227 p.)
Disciplina	005.74 005.7565
Soggetti	Database management Electronic data processing
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.

Sommario/riassunto

Ensuring the success of data migration projects is crucial, especially if a business is looking to achieve maximum return on its investment. By following the best practice model devised by the author, a smooth and problem-free migration can be assured. The guide contains techniques and strategies blended with real-life examples and clear definitions of the most commonly used terminology. It debunks the mysteries that surround this subject, providing a template for judging the performance of in-house or brought in skills. For the IT practitioner who has been given responsibility for managing
