Livello bibliografico	Periodico
Sommario/riassunto	Journal of Clinical Interventional Radiology (JCIR) is the official journal of the Indian Society of Vascular and Interventional Radiology (ISVIR). JCIR is a peer-reviewed, Open Access, online and print journal that supports the science and practice of interventional radiology worldwide. The aim of this journal is to enhance the knowledge of medical practitioners in the field of interventional radiology. It aims to give priority to the dissemination of original research work in the field of interventional radiology that can potentially impact patient care and outcomes. It also seeks to bring to the readers reviews of standard interventional radiological procedures, clinical practice guidelines, brief reports, and insightful debates in the subject area. JCIR is committed to maintaining the best ethical practices of scientific publication while remaining mindful of social and environmental concerns. It strives to provide the scholarly experience to authors and readers alike. The journal is published three times a year, in April, August, and December. Its online version is available at Thieme E-Journals.
