Titolo	Faith in Gods promises, the saints best weapon: or, The great use and availableness of faith, both for the support and growth of saints in times most perilous [[electronic resource]] : Plainly discovering that the want of faith in the way of Gods promises, is the great cause of the want of Gods presence. With several considerations for the encrease of faith, tha[t] henceforth the saints may by faith so draw nigh unto God, and in faith so wait upon God, as with certainty of receiving from him. Whereunto is added something concerning the great error and mistake of many men concerning the true Christ, and how he is said to be in his people; with other things very necessary to be known in order to saints resisting the temptation of the present times. // Set forth as (useful for all people, but) especially intended for the good of such as are returned to the good old way of the Lord, by Matthew Caffyn .
