

1. Record Nr.	UNISA996383621503316
Autore	L'Estrange Roger, Sir, <1616-1704.>
Titolo	Tyranny and popery lording it over the consciences, lives, liberties, and estates both of King and people [[electronic resource] ] : Being a further account of the growth of knavery
Pubbl/distr/stampa	London, : Printed by H.H. for Henry Brome ..., 1678
Descrizione fisica	[2], 94 p
Soggetti	Great Britain Church history 17th century
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Errors in pagination: numbering skips from p.1 to p.4. Reproduction of original in: Birmingham Central Reference Library.
Sommario/riassunto	eebo-0012

2. Record Nr.	UNINA9910964352503321
Autore	Epstein Steven
Titolo	Inclusion : the politics of difference in medical research // Steven Epstein
Pubbl/distr/stampa	Chicago, : University of Chicago Press, 2007
ISBN	9786611956790 9781281956798 1281956791 9780226213118 0226213110
Edizione	[1st ed.]
Descrizione fisica	1 online resource (427 p.)
Collana	Chicago studies in practices of meaning
Disciplina	610.72
Soggetti	Medicine - Research - Social aspects - United States Human experimentation in medicine - Social aspects - United States Clinical trials - Social aspects - United States Minorities - Medical care - United States Health and race - United States Social medicine - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [311]-394) and index.
Nota di contenuto	How to study a biopolitical paradigm -- Histories of the human subject -- The rise of resistance : framing the critique of the standard human -- The path to reform : aligning categories, targeting the state -- Opposition to reform : controversy, closure, and boundary work -- Formalizing the new regime -- From the standard human to niche standardization -- Counts and consequences : monitoring compliance -- The science of recruitmentology and the politics of trust -- To profile or not to profile : what difference does race make? -- Sex differences and the new politics of women's health -- Whither the paradigm?
Sommario/riassunto	With Inclusion, Steven Epstein argues that strategies to achieve diversity in medical research mask deeper problems, ones that might require a different approach and different solutions. Formal concern with this

issue, Epstein shows, is a fairly recent phenomenon. Until the mid-1980s, scientists often studied groups of white, middle-aged men—and assumed that conclusions drawn from studying them would apply to the rest of the population. But struggles involving advocacy groups, experts, and Congress led to reforms that forced researchers to diversify the population from which they drew for clin
