Nota di contenuto	Governmentality and the new global "order" -- The new imperialism : six theses -- The cultural landscape of globalization : historical notes.
Sommario/riassunto	An intervention into current debates about globalization, nationalism, imperialism, and culture, this book offers a cogent critique of much of what is being said about globalization, by both the Right and the Left. In doing so, it charts the complex processes of globalization, drawing out their historical and philosophical roots and outlining the connections between cultural, political, and economic life that globalization has made, historically and in our day.
