Note generali	By John Ray. Title printed in red and black. Title pages were printed on both *1 and *2, the former apparently being intended to correct the latter (which has "Catalogus .. in qua exhibentur") and *2 intended to be cancelled. Variant 1: with "in qua" title page; *1 cancelled. Variant 2: both title pages present. "Index plantarum agri Cantabrigiensis" has separate dated title page and pagination; register is continuous. Includes indexes. Annotation on Thomason copy: "May". Reproductions of the originals in the British Library ("Thomason Tracts), and the Henry E. Huntington Library and Art Gallery ("Early English books, 1641-1700").
