Sommario/riassunto	The book presents a variety of philosophical and socio-political perspectives related to the relationship between persuasion and compulsion in democracy. It meets the need of the present time, in America and in Europe, to re-read and discuss the basic assumptions

of democracy and the role of individual within it in the context of institutional persuasions that can become factual compulsions for other institution and, first of all, individuals.

4. Record Nr.	UNISA996208039603316
