Sommario/riassunto	About the Book: The basic function of a commercial bank is risk management. Banks have to adopt a risk management approach to maximize shareholder value/net value and to conform to the RBI guidelines (1999). Further the adoption of ALM and diversification of activities to earn fee income has resulted in the assumption of risks which had to be hedged by derivatives. Since major banks are foreign exchange dealers, exchange risk and interest risk have to be covered. Finally derivatives themselves carry a lot of risk which has become a

major concern of regulators. The book analyses and prese
