Titolo	The great mistery of the great whore unfolded, and antichrists kingdom revealed unto destruction [[electronic resource]] : in answer to many false doctrines and principles which Babylons merchants have traded with, being held forth by the professed ministers, and teachers, and professors in England, Ireland, and Scotland, taken under their owne hands, and from their owne mouths, sent forth by them from time to time, against the despised people of the Lord called Quakers, who are of the seed of that woman, who hath been long fled into wildernes ... in this answer to the multitude of doctrines held forth by the many false sects, which have lost the key of knowledge, and been on foot since the apostles dayes, called Anabaptists, Independents, Presbyters, Ranters, and many others, who out of their own mouths have manifested themselves not to be of a true descent from the true Christian Churches : but it's discovered that they have been all made drunk with the wine of fornication received from the whore which hath sitten upon the beast, after whom the world hath wondred / / by George Fox

Sommario/riassunto	Karl Lagerfeld's description of his sunglasses as a 'Burqa for my eyes' drew a huge amount of commentary. But what was going on within that phrase? Why was it deemed original and contentious and what can it tell us about creativity? Taking us through cliché, metaphor, analogy, neologism and surrealism, amongst other creative tropes, Tony Veale offers a comprehensive guide to the actual processes behind linguistic creativity. By grounding his approachable examples in easy to replicate methods, the book is perfect as a resource for individual creative exploration. Anyone with an open mind and a computer and a desire to learn about how we creatively say things with words will love this book. Written by an expert in natural language generation, this deceptively simple book offers powerful tools for reconceptualising creativity.
