

1. Record Nr.	UNINA9910453780803321
Titolo	Systolic blood pressure [[electronic resource]] : influences, associations and management / / Robert A. Arfi, editor
Pubbl/distr/stampa	Hauppauge, N.Y., : Nova Science Publishers, c2012
ISBN	1-62257-079-0
Descrizione fisica	1 online resource (220 p.)
Collana	Public health in the 21st century
Altri autori (Persone)	ArfiRobert A
Disciplina	616.1/32
Soggetti	Hypertension Heart - Contraction Blood pressure - Regulation Systolic blood pressure Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 189-192) and index.
Nota di contenuto	Sympathetically-mediated blood pressure responses in active performance situations : cognitive mediators, dispositional moderators, and cardiovascular disease risk / Margit Gramer -- From poor glucose control to stiff arteries and diabetic complications / Daniel Gordin ... [et al.] -- Blood pressure changes in patients with migraine : evidences, controversial views, and potential mechanisms of comorbidity / Sherifa Ahmed Hamed -- Impact of blood pressure on coupled ventricular and vascular stiffening, related cardiac structural remodeling, and eventual functional decay : transition from subclinical systolic dysfunction to heart failure / Chung-Lieh Hung ... [et al.] -- Computational fluid dynamic in fluid-wall interaction modelling / Ahmed Al-Jumaily -- Systolic blood pressure : implications for stroke prevention and immediate management / Hebah Hefzy, Brian Silver -- Systolic blood pressure : influences, associations, and management / Maria Cristina de Oliveira Izar -- Antihypertensive drug associations : an update / Maurizio Destro -- Measure of coupling strength and synchronization in non-linear interaction of heart rate and systolic blood pressure in the cardiovascular control system / Elio Conte ... [et al.] -- Angiotensin-converting enzyme inhibitors in coronary artery disease

and preserved left ventricular systolic function / Fadi Alqaisi, Mouaz H. Al-Mallah.

2. Record Nr.	UNISA996386508103316
Autore	Lucy William <1594-1677.>
Titolo	A treatise of the nature of a minister in all its offices [[electronic resource]] : to which is annexed an answer to Doctor Forbes concerning the necessity of bishops to ordain, which is an answer to a question, proposed in these late unhappy times, to the author, What is a minister?
Pubbl/distr/stampa	London, : Printed by Thomas Ratcliffe for the author, and are to be sold by Edward Man ..., 1670
Descrizione fisica	[8], 287, [16] p
Soggetti	Clergy - Office
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Reproduction of original in Cambridge University Library. Attributed to William Lucy. cf. NUC pre-1956. Chiefly a criticism of Thomas Hooker's A survey of the summe of church-discipline. Table of contents: p. [1]-[10]
Sommario/riassunto	eebo-0021
