Belch's Hiccup -- Chapter Seven. Cannibals and Missionaries -- Conclusion. Crusoe's Friday, Rousseau's <i>Emile</i> -- Notes -- Select Bibliography -- Index
Sommario/riassunto	We didn't always eat the way we do today, or think and feel about eating as we now do. But we can trace the roots of our own eating culture back to the culinary world of early modern Europe, which invented cutlery, haute cuisine, the weight-loss diet, and much else besides. Aguecheek's Beef, Belch's Hiccup tells the story of how early modern Europeans put food into words and words into food, and created an experience all their own. Named after characters in Shakespeare's Twelfth Night, this lively study draws on sources ranging from cookbooks to comic novels, and examines both the highest ideals of culinary culture and its most grotesque, ridiculous and pathetic

expressions. Robert Appelbaum paints a vivid picture of a world in which food was many things-from a symbol of prestige and sociability to a cause for religious and economic struggle-but always represented the primacy of materiality in life. Peppered with illustrations and a handful of recipes, Aguecheek's Beef, Belch's Hiccup will appeal to anyone interested in early modern literature or the history of food.

Note generali

The first two words of the title are in Greek characters.

Authorship of the Eikon basilike was originally attributed to Charles I, but according to Madan (pp. 125-33) it was written by John Gauden who probably included some authentic writings of the king.

Place of publication from Wing.

Reproduction of the original in the British Library.
