

1. Record Nr.	UNISA996387730903316
Autore	Culpeper Nicholas <1616-1654.>
Titolo	Culpeper's last legacy [[electronic resource]] : left and bequeathed to his dearest wife for the publick good. Being the choycest and most profitable of those secrets which while he lived were lockt up in his breast, and resolved never to be publish'd till after his death. Containing sundry admirable experiences in several sciences, more especially in chirurgery, and physick: viz. compounding of medicines ... With two particular treatises; the one of fevers, the other of pestilence: as also other rare and choyce aphorisms and receipts ... With an addition of two hundred choyce receipts, lately found, never publish'd before in any of his other works; and a compleat table. // by Nicholas Culpeper .
