Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Antibiotic resistance: the state of play today -- The Microbiologists -- Public Health and Infectious Diseases -- Microbial Makeup and Antibiotic Targets -- What is Antibiotic Resistance? -- Spreading Antibiotic Resistance? -- Moving Forward While Looking Back.
Sommario/riassunto	Antibiotics are familiar drugs to us all, this topical popular science book considers the past, present and uncertain future of antibiotics. It highlights the need for universal cooperation in order to tackle this global health challenge, which, if not addressed, could transport us back to the medical dark ages.
