Sommario/riassunto	This report provides an overview of the key issues for Congress related to Egypt and U.S. foreign aid to Egypt. The United States has provided significant military and economic assistance to Egypt since the late 1970s. U.S. policymakers are now debating complex questions about the future of U.S.-Egypt relations, and these debates and events in Egypt are shaping consideration of appropriations and authorization legislation in the 114th Congress.
