

1. Record Nr.	UNISA996389722203316
Autore	Massaria Alessandro <1510-1598.>
Titolo	De morbis foemineis, the womans counsellour:, or, The feminine physitian, englarged [[electronic resource]] : modestly treating of such occult accidents and secret diseases, as are incident to that sex, which their too many modesty, too often to their sorrow, causes them to conceal from others : for a remedy whereof, here they are taught to be their own helpers ; especially in these particulars, of barrennesse and abortion ; of natural and unnatural births : of the suppression of the terms, the immoderate flux thereof, and other infirmities ... with a brief appendix, touching the kinds, causes and cures of dropsies and tympanics of all sorts, as also a supplement touching agues and feavers, usefully applicable to both sexes. Whereunto is added, the mans counsellour, healing of ruptures and particular diseases belonging to men // by R. Turner
