Sommario/riassunto	Until now, the critical shift in Southern political allegiance from Democratic to Republican has been explained, by scholars and journalists, as a white backlash to the civil rights revolution. In this myth-shattering book, Byron Shafer and Richard Johnston refute that view, one stretching all the way back to V. O. Key in his classic book Southern Politics. The true story is instead one of dramatic class reversal, beginning in the 1950's and pulling everything else in its wake.
