Titolo	A fruitfull commentarie vpon the twelue small prophets [[electronic resource] ] : briefe, plaine, and easie, going ouer the same verse by verse, and shewing every where the method, points of doctrine, and figures of rhetoricke, to the no small profit of all godly and well disposed readers, with very necessarie fore-notes for the vnderstanding of both of these, and also all other the prophets. The text of these prophets together with that of the quotations omitted by the author, faithfully supplied by the translatour, and purged of faults in the Latine coppie almost innumerable, with a table of all the chiefe matters herein handled, and marginall notes very plentifull and profitable; so that it may in manner be counted a new booke in regard of these additions.
