Note generali	Text in Latin and Greek in parallel columns. The "Tabula" [i.e. "Pinax"] is not in fact by Cebes. Title page in red and black. "Epicteti Stoici philosophi Enchiridion, una cum Cebetis Thebani Tabula" (title page in red and black) and "Arriani commentariorum de Epicteti disputationibus libri IIII" each have separate dated title page; register and pagination are continuous. "Porphyriou philosophou Pythagorikou Peri apoches empsychon biblia tessara. .. Porphyrii philosophi Pythagorici De abstinentia ab animalibus necandis libri quatuor" (first 8 words in Greek characters) has separate dated title page, register and pagination. It was possibly issued separately, and is separately listed at Wing P2978. Within this register, "Lucæ Holstenii de vita & scriptis Porphyrii philosophi dissertatio" begins new pagination on ² T6r. Includes indexes. British Library copy imperfect; E8 (pp. 62-63) are lacking.
