Titolo	Greenes neuer too late. Or, A powder of experience: sent to all youthfull gentlemen [[electronic resource]] : to roote out the infectious follies, that ouer-reaching conceits foster in the spring time of their youth. Decyphering in a true English historie, those particular vanities, that with their frostie vapours nip the blossoms of euery ripe braine, from atteining to his intended perfection. As pleasant, as profitable, being a right pumice stone, apt to race out idlenessse with delight, and follie with admonition. Rob. Greene in artibus Magister
