Sommario/riassunto

This book presents original research outlining the key elements in responding to parental misuse of drugs and alcohol. Offers a definition of "misuse" and "addiction" and the factors that influence the nature of misuse or addiction. Reviews extensively the nature and impact of parental substance misuse on children and families using the latest evidence. Explores how research and theories might help inform professionals or non-professionals assessing families affected by parents who misuse drugs or alcohol. Provides an in-depth discussion of Motivational Interviewing, including a c
