

1. Record Nr.	UNISA996390481203316
Autore	Cooke James <1614-1694.>
Titolo	Mellificum chirurgiæ, or the marrovv of many good authors enlarged [[electronic resource]] : wherein is briefly, fully, and faithfully handled the art of chirurgery in its four parts, with all the several diseases unto them belonging: in their destinations, causes, signes, prognosticks, and cures, both general and particular. As also an appendix, wherein is methodically handled the cure of those affects usually happening at sea, and in camp, with other necessary to be known. To which is added new institutions, physical and chirurgical; Hyppocrates aphorismes, sorted under several heads of diseases of the parts of the body: with a brief comment; at the end of which you have several approved receipts, some heretofore kept secret, with the doses, admirable vertues, and several vehcles of Venice-Treacle, and Mithidate. Gathered first for private use, and now again put forth for publique benefit by James Cooke Practitioner in physick and chirurgery
