Titolo	The terminations and examples of the declensions and conjugations [[electronic resource] ] : with the manner of declining nouns, also declining and conjugating of verbs; wherein is shewed, what tenses are formed from others, and how; and hereunto are added a few questions and answers necessary for young scholars to be acquainted with, toward the better understanding of what they do to learn, when they do enter upon the Latine tongue; that they may proceed in their learning with more delight then they usually do: which by often repetition, will make the students herein perfect in their nouns and verbs; according to the directions in the preface to Lilly's Grammar; and till then they are not judged (by that same excellent preface) ready to go any further, viz. till they have this already learned. In brief the whole work is a superstructure upon Mr Ch. Hooles foundation
