Note generali	E.B. = Edward Bagshaw, who possibly also wrote the biography. Includes index. "A learned and godly sermon preached on the XIX. day of December, anno Dom. MDCXXXI" by Nicolas Estwick has separate dated title page, pagination and register; "Meditationes in diebus dominicis de vita futura, 1628" (caption title) by Bolton has separate pagination and register. "A learned and godly sermon" was probably issued separately (STC 10557), though all known copies are bound with Bolton's work. In this edition, "Meditationes" has A1r last line beginning: "dest". The frontispiece is signed: Io: Payne fec: 1632. Reproduction of the original in the British Library.
