

1. Record Nr.	UNISA996390773203316
Autore	Wybard John
Titolo	Horologiographia nocturna. Or Lunar horologiographie [[electronic resource] ] : Set forth and demonstrated (after a twofold manner) in the horizontall plane onely. Vpon which (and all other by the same reason) may in a manner, as plainely and speedily bee discerned the times of the night by the gnomonicall shadow, caused by the moone, as the times of the day upon any by the sun: serving as well in the day time for the sunne. By Iohn Wyberd. Together with an addition of certaine new and briefe rules for the exact and most speedy mensuration of circles and spheres, and also cylinders, both in solid and liquid measure, by certaine plaine scales onely, not heretofore published, but now set forth for the benefit of all those that have occasion to make use of such things
