Titolo	A key for Catholicks [[electronic resource]] : to open the jugling of the Jesuits, and satisfie all that are but truly willing to understand, whether the cause of the Roman or reformed churches be of God; and to leave the reader utterly unexcusable that after this will be a papist. Containing some arguments by which the meanest may see the vanity of popery; and 40 detections of their fraud; with directions, and materials sufficient for the confutation of their voluminous deceits: particularly refelling Boverius, Richlieu, H.T.'s.
