Note generali	Borrows from: Marston, John. Parasitaster. Printer's name from STC. Signatures: AÂ² B-Hâ´. A2 missigned A3. Greg cites Huntington copy as a possible variant, with quire A printed as a whole sheet with A1,4 blank; in this state A3 would be properly signed. However, although "A4" seems genuine, "A1" is not original, and this being the Hoe copy in a Club binding the pedigree of any of the constituent leaves would be obscure. Reproduction of the original in the Henry E. Huntington Library and Art Gallery.
