

1. Record Nr.	UNISA996391560603316
Autore	Yeamans Isabel
Titolo	The year of wonders: or, the glorious rising of the fifth monarch [[electronic resource]] : shewing the greatness of the that free-born prince, who shall reign and govern; and what shall happen upon his coronation deduced from the eclipse of the sun, March 29. 1652. Together with the effects thereof; and a prophecie touching the change of this present government, in 1653; the manner thereof, the great wars that shall ensue, the time prefixed for their continuance, and afterwards an everlasting peace to be established; also, a description of the strange sights that will be seen in the air on Munday next; (at which time there will be a great darkness for the space of 3 hours) predicting, a woful calamity for London; and many prove headless for their rebellion: the murthering of the K. of France; and the great things that will befall the K. of Scots: the hanging of the great Turk in a Bow-string; and the stabbing of the Pope of Rome by an English-man. With many other remarkable predictions (never before published) touching the running of the streets with bloud, and burning whole cities, towns, and villages
