Titolo	Sion-Colledg visited. Or, Some briefe animadversions upon a pamphlet lately published [[electronic resource]] : under the title of, A testimonie to the truth of Jesus Christ, and to our Solemne League and Covenant, &c. Subscribed (as is pretended) by the ministers of Christ within the province of London. Calculated more especially for the vindication of certaine passages cited out of the writings of J.G. in the said pamphlet, with the black brand of infamous and pernicious errors, and which the said ministers pretend (amongst other errors so called) more particularly to abhominare. Wherein the indirect and most un-Christian dealings of the said ministers, in charging & calling manifest and cleere truths, yea such as are consonant to their own principles, by the name of infamous and pernicious errorrs, are detected and laid open to the kingdome, and the whole world. // By the said John Goodwin, a servant of God and men, in the Gospel of Jesus Christ
