Titolo	Dean and chapter newes from Canterbury [[electronic resource]] : shewing, the Canterburian Cathedrall to be in an abbey-like, corrupt, and rotten condition, which calls for a speedy reformation, or dissolution: which dissolution is already foreshown, and begun there, by many remarkable passages upon that place, & the prelates there. // Recorded, and published by Richard Culmer, minister of Gods word, dwelling in Canterbury: heretofore of Magdalen Colledge in Cambridge, Master of Arts. Imprimatur, John White. I have perused this relation of Dean and chapter news, and therein observed, that the hand of providence hath, indeed, wrought a new thing in our Israel, worthy to bee looked upon by all, with a due mixture of wonder, and thankfulness: and therefore conceive it necessary to bee published to the view of all.
