

1. Record Nr.	UNISA996392372503316
Titolo	The most notable and excellent discourse of the Christian philosopher Athenagoras, as touching the resurrection of the dead [[electronic resource] /] / translated out of Greeke into Latine by Peter Nannius, and out of Latin into English by R. Porder. A treatise, very necessarie and profitable for this our laste ruinous age of the vvorlde, in the vvhiche are such svvarmes of atheistes and epicures, vvwhose pestilent infection is more to be feared then papistrie. Therefore vvorthy the consideracion of al men, as vvcl for ouerthrowv of their pernicious errors, as staying the faith and conscience of the vveake and vnlearned
