| Note generali | One of several versions of an anonymous herbal, probably of medieval origin. The "W.C." applies to the short sections at the end, and probably refers to William Copland, who may have edited this edition as well. Printer's and publisher's name from colophon; publication date conjectured by STC. Signatures: A-K. Formerly STC 4726. Identified as STC 4726 on UMI microfilm. Reproduction of the original in the British Library. |
