

1. Record Nr.	UNISA996392804403316
Titolo	At the court at White-hall the 22th of March, 1664. Present the Kings Most Excellent Majesty [[electronic resource]] : His Royal Highness the Duke of York. His highness Prince Rupert. Lord Archbishop of Canterbury. Lord Chancellour. Lord Treasurer.... Sir Edward Nicholas. Whereas His Majesty by and with the advice of his Privy Council hath dispensed for some time with certain clauses of several acts, concerning trade, shipping and navigation, by an order of this boord of the sixth instant: which order in several clauses thereof extends, but was not intended to extend to Ireland: his Majesty this day in council hath thought fit by the advice of the boord, to direct the revoking the word Ireland in the said order, and the reprinting the same so amended

Sommario/riassunto

This extensively revised second edition provides a quick reference guide to pediatric surgical and urological problems encountered in the primary care clinic. Chapters cover recent updates in the field and give a synopsis of a particular condition, its management in primary care, indications for referral, and timing of referral. Guide to Pediatric Urology and Surgery in Clinical Practice features a concise collection of pediatric surgical and urological conditions commonly encountered in primary care, and is a valuable resource for primary care practitioners, medical students, pediatricians and residents in pediatrics.
